

HERCULES ENCLOSURE

Smooth, quiet, and efficient.

VERSATILITY MEETS DESIGN

The AMERIGLIDE Hercules Enclosure lift is self-contained, enclosed vertical platform lift that offers a smooth, quiet, and efficient experience. It is designed and made to carry a wheelchair and passenger safely up and down one or more levels, and is easily installed in a new or existing structure.

Its durable design, and wide-array of options offer an affordable solution without sacrificing quality. Being suitable for indoor or outdoor applications, the AMERIGLIDE Hercules Enclosure is the perfect solution for public and commercial buildings and residential homes. Driven by our reliable acme-screw drive, the lift travels up and down an enclosed system, so no machine room is needed.

For decades, AmeriGlide has installed thousands of vertical platform lifts in public buildings and private residences all over the world. We have been manufacturing and servicing custom manufactured in North-America since 1991.

EASY INSTALLATION

With our qualified technicians, your HERCULES Enclosure platform lift can be installed quickly and safely.

PREMIUM MATERIALS

Attention to detail is reflected in the choice of premium materials. High-end extruded aluminium, and polycarbonate Lexan offer a finished and superior product.

PEACE OF MIND

The HERCULES Enclosure meets CSA-B613 B355-15, ASME 17.1, ASME 18.1 giving you the peace of mind!
